

**DOCTORAL DISSERTATION: PROSPECTUS AND RECORD OF APPROVAL**

---

- Instructions:
1. The student should prepare a prospectus of the proposed dissertation research and submit it with this form.
  2. Obtain the signatures of the Dissertation Adviser, all Dissertation Committee Members, and the departmental Graduate Officer.
  3. File the original with the Graduate School, 4327 F/AB. After final approval by the Dean, the original will be retained in the Graduate School, and copies sent to the student's Dissertation Advisor, the departmental Graduate Officer, and the student.
  4. If the prospectus meeting fulfills the Oral Examination requirement the names of the dissertation committee members must be completed and submitted to the departmental Graduate Officer one week before the meeting in order to verify the Graduate Faculty appointment of the committee members. During the meeting the outside member of the committee should preside as the moderator of the oral examination. See the Oral Examination form for additional information pertaining to the conduct of the examination.

**PLEASE NOTE:** It is important to remember when selecting a research subject that dissertations are public documents, and publication and distribution of them will not be suppressed by WSU.
